**FOR IMMEDIATE RELEASE**

**Moultrie's Game Spy 2 is Feature Packed for 2017!**

*50-foot motion-detection range, 50-foot flash range and a lightning-quick trigger speed make the Game Spy 2 Plus game camera exceptionally diverse.*

**Birmingham, AL** – Moultrie®, the best-selling brand of trail cameras, game feeders and wildlife management products, introduces the small but mighty Game Spy 2 Plus, which makes trail camera scouting simple and more affordable than ever. Keeping tabs on a mature buck is hard enough—operating a game cam to help find that buck shouldn't add to the frustration.

Boasting a 50-foot motion-detection range, 50-foot flash range and a lightning-quick trigger speed of 1 second, Moultrie's Game Spy 2 Plus scouting camera captures multi-shot photos and video to meet your basic scouting needs without a hefty price tag. From monitoring a food plot to keeping tabs on a heavily used trail, the Game Spy 2 Plus has the capabilities to functions flawlessly in any scouting location.

Never again miss any nighttime action with a flash equipped with 24 LEDs and 850nm nighttime infrared technology to illuminate game up to 50-feet away in total darkness, meaning the game you pursue will never see you coming. With a micro case that literally fits in the palm of your hand, the Game Spy 2 Plus is green and blends in with its surroundings while offering a fully weatherproof plastic exterior for seasons of problem-free service.

Outfitting your entire property has never been easier or more attainable than with the ultra-affordable Game Spy 2 Plus camera, which has value in mind right down to its minimalistic battery consumption—capturing 14,000 images on 6-AA before its batteries need changing.

**Moultrie Game Spy 2 Plus Highlighted Features:**

- **INFRARED FLASH**  
A flash equipped with 24 LEDs and 850nm nighttime infrared technology illuminates game up to 40 feet away in total darkness—for maximum coverage with minimal intrusion.
- **PHOTO AND VIDEO RESOLUTION**  
Manage image quality and storage with 2 resolution settings—low (2MP) and high (9MP)—and capture 4:3 aspect ratio video in 640x480px.
- **SPECIAL FEATURES**  
Multi-shot and single-image modes offer hunters customizability.
- **DURABLE HOUSING DESIGN**  
A sturdy case with a weatherproof plastic exterior comes with standard 1/4"-20 bottom tripod mounts and back slots for use with an included nylon strap or python lock cable (sold separately) for tree mounting. A python lock-compatible clasp offers added security.
- **MEMORY CARD COMPATIBILITY**  
Works with SD/SDHC Class 4 cards or higher and can handle up to 32 GB cards.
- **EXCPETIONAL BATTERY LIFE**  
Requires 6 AA batteries and captures approximately 10,000 images
