Summit Treestands Reaches the Peak

(Decatur, AL)- Summit Treestands announces the introduction of yet another impressive stand to The Crush™ Series of stands. If comfort is at a premium, then look no further than the Peak hang-on tree stand, The Peak epitomizes high performance for high places and is a favorite choice Lee and Tiffany Lakosky of The Crush™.

Constructed with a simple and easy to use attachment system, The Peak can be hung in a matter of minutes. The padded arm and backrest included on this stand allow a hunter to spend the long hours in the woods that are needed to tag a true trophy.

The Peak offers a folding frame for a smaller profile when packing, and includes a four point harness fall arrest system for maximum safety in the woods. Reach the top this upcoming season with the all new Peak tree stand from Summit.

Features:

- Stand Weight: 22 LBS
- Weight Limit: 300 LBS
- Platform Size: 25" W x 34.5" L (Overall and Usable)
- Comfortable Viper Swing Seat: 18" W x 12" L
- Padded Back Rest: 12" W x 20" L
- Integrated Footrest
- Powder Coated Platform
- MSRP: \$129.99
